**F7(9)**

**C7(#9)**

I've been talking to you / Thru that damn white plastic friendly-unfriendly telephone

**F7(9)**

**G7**

**C7**

When I hear your voice I feel a thrill right into my bones

**D**

**G7**

Because I find you When I found the blues / Walking lonely in Sheridan Square

**D**

**G7**

**C**

**F7(9)**

Trying hard, so hard to get loose / Then I told you about Rio de Janeiro

**C7**

**F7**

And some many other magic places / And I keep on seeing in your eyes

**G7**

**C7**

**D**

**G7**

**C**

Thousand smiling faces / Because I find you / When I found the blues

**D**

**G7**

**G7**

**C**

Walking lonely in Sheridan Square / Trying hard, so hard to get loose

**F7(9)**

But I keep on waiting for you down here / Until you come back from endless spaces

**C7(#9) F7**

**G7**

To my arms / The only thing I can offer besides love

**C7**

**D**

**G7**

**C**

Are those freaky distant charms / Because I find you / When I found the blues

**D**

**G7**

Walking lonely in Sheridan Square / Trying hard, so hard to get loose

**F7(9)**

**C7(#9)**

Then the night gets darker in New York / And a thunderstorm arises

**F7**

**G7**

**C7**

How can I know what's gonna happen / With our cat-stylled electric lifes

**D**

**G7**

Trying hard, so hard to get loose
